Dr Serge Gauthier is Professor Emeritus in the Departments of Neurology & Neurosurgery and Psychiatry at McGill University, and he is also the Academic Co-Lead for the McGill University Dementia Education Program. Previously he was Director of the Alzheimer's disease Research Unit at the McGill Centre for Studies in Aging, Director of the McGill Centre for Studies in Ageing and holder of a Research Chair at the Canadian Institute for Health Research, Clinical Investigator and Staff Neurologist at the Montreal Neurological Hospital and Institute.

**Dr. Habib Chaudhury**

Dr. Habib Chaudhury, PhD, FGSA

Dr. Habib Chaudhury, Chair and Professor in the Department of Gerontology, Simon Fraser University, has extensive research experience in the field of environmental gerontology. He conducts research and consulting work in the following areas: physical environment for people with dementia in long-term care facilities, memories of home and personhood in dementia, community planning and urban design for active aging, and dementia-friendly communities.

CONNECTING WITH COLLEAGUES:

Call for Poster Presentations

Poster presentations that support the 2023 conference theme, will provide an opportunity to share research and best practice initiatives with colleagues from across the province. Topics will range from health promotion strategies for older adults to provision of quality care in long-term care settings. Poster presentations may highlight research studies, educational programming, quality improvement projects, and effective organizational responses to the COVID-19 pandemic. Posters will be on display for participants to view and discuss with presenters.
